05 Invoice Detail

06 Record Payment

Design direction

Black primary actions

White and soft-gray surfaces

Flat cards, hairline separators

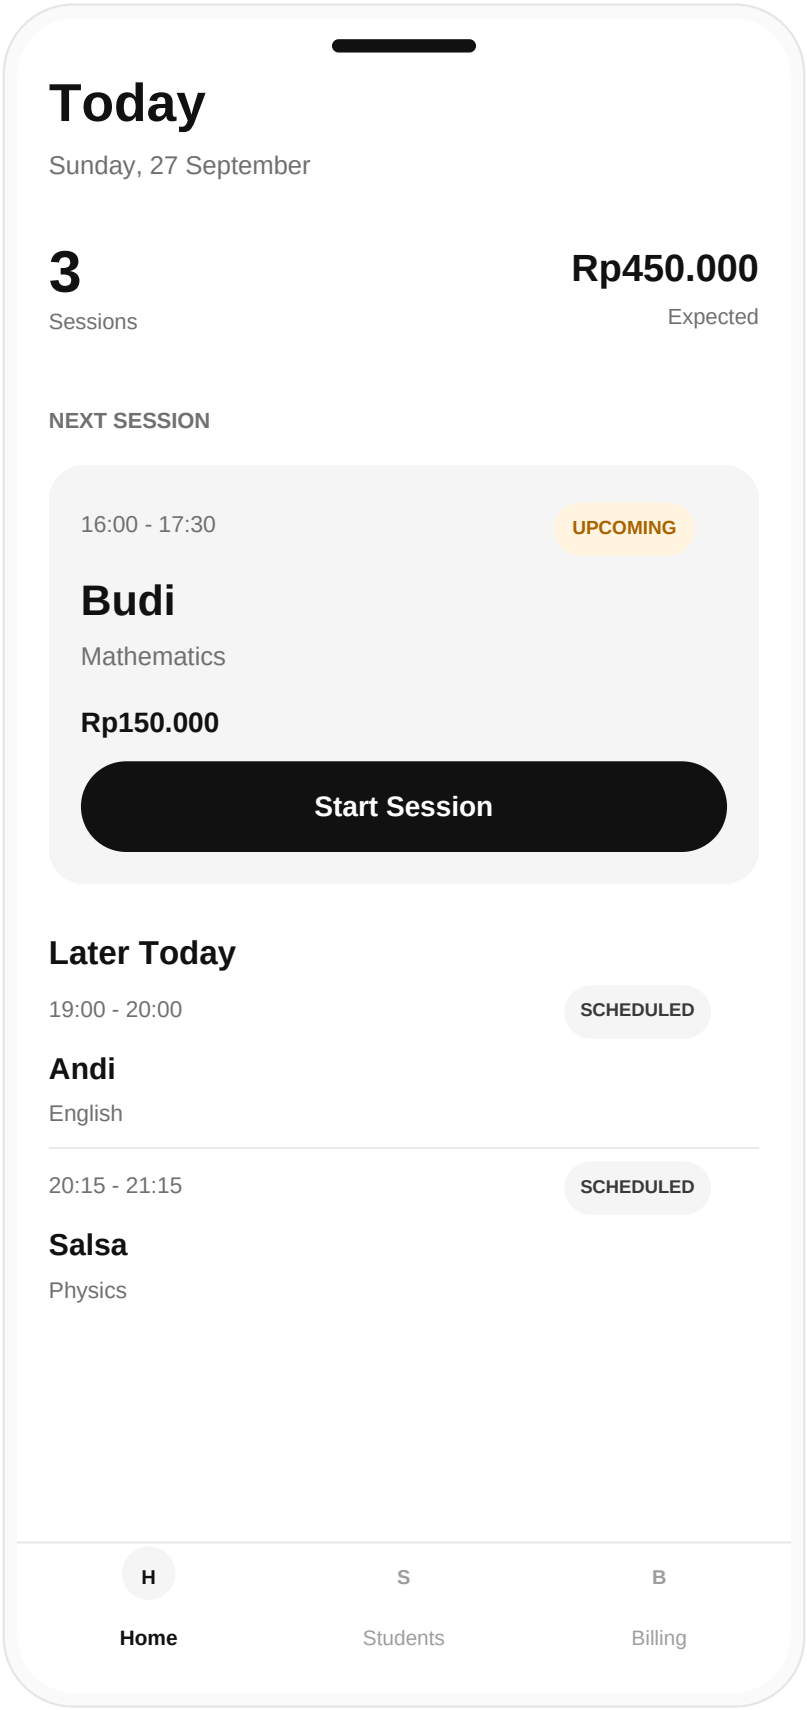

Semantic status color only

Inter typography, pill controls

Based on the approved DESIGN.md for the local-only private tutor MVP.

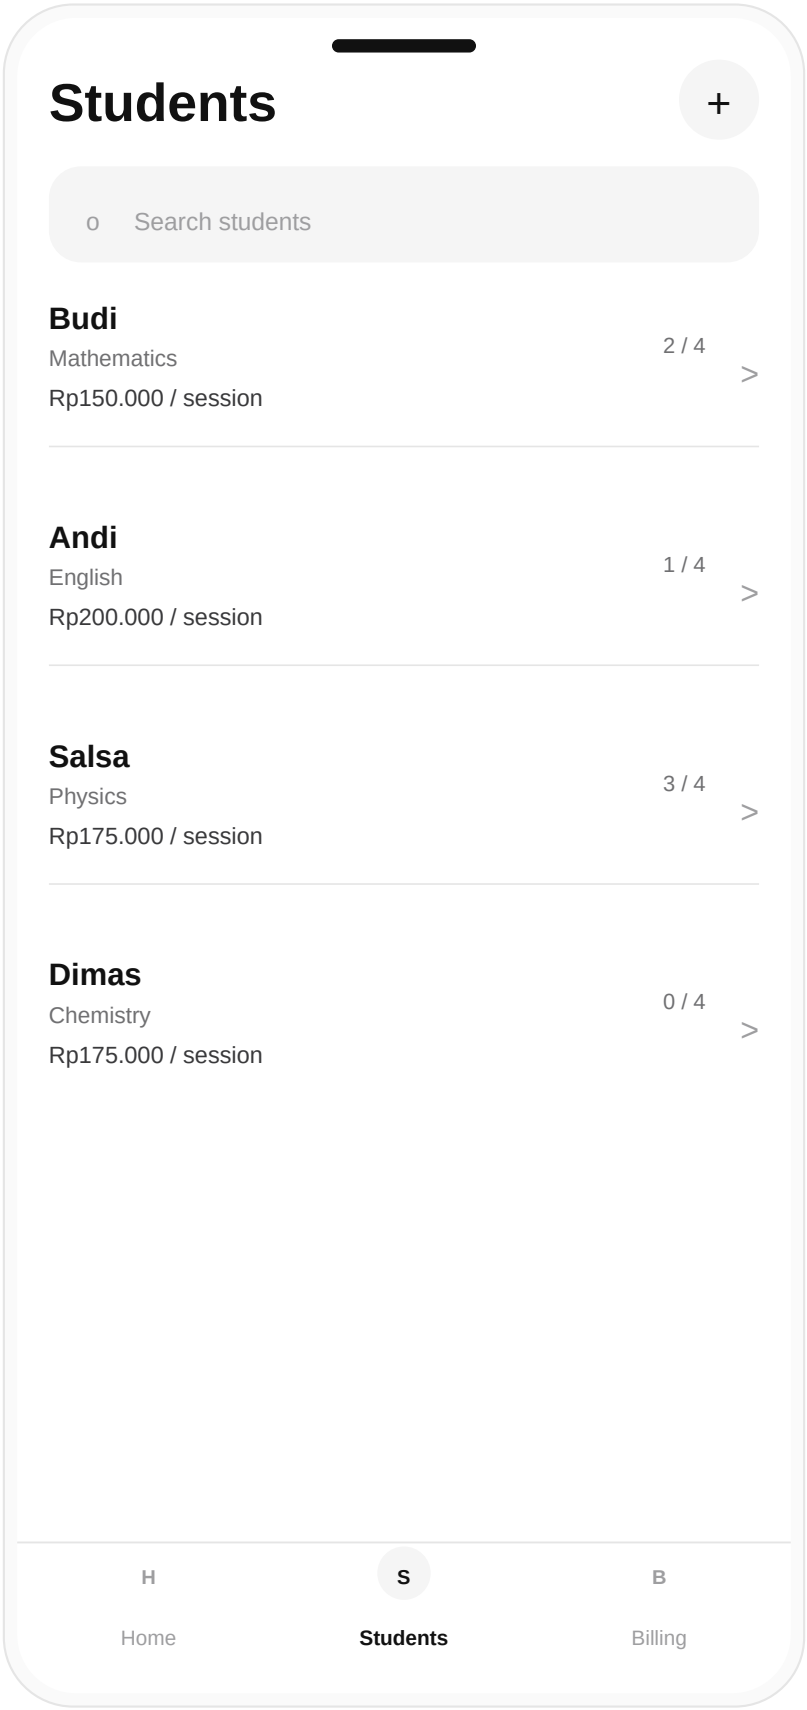

Home / Schedule

Next action first. Flat surface, single primary CTA.

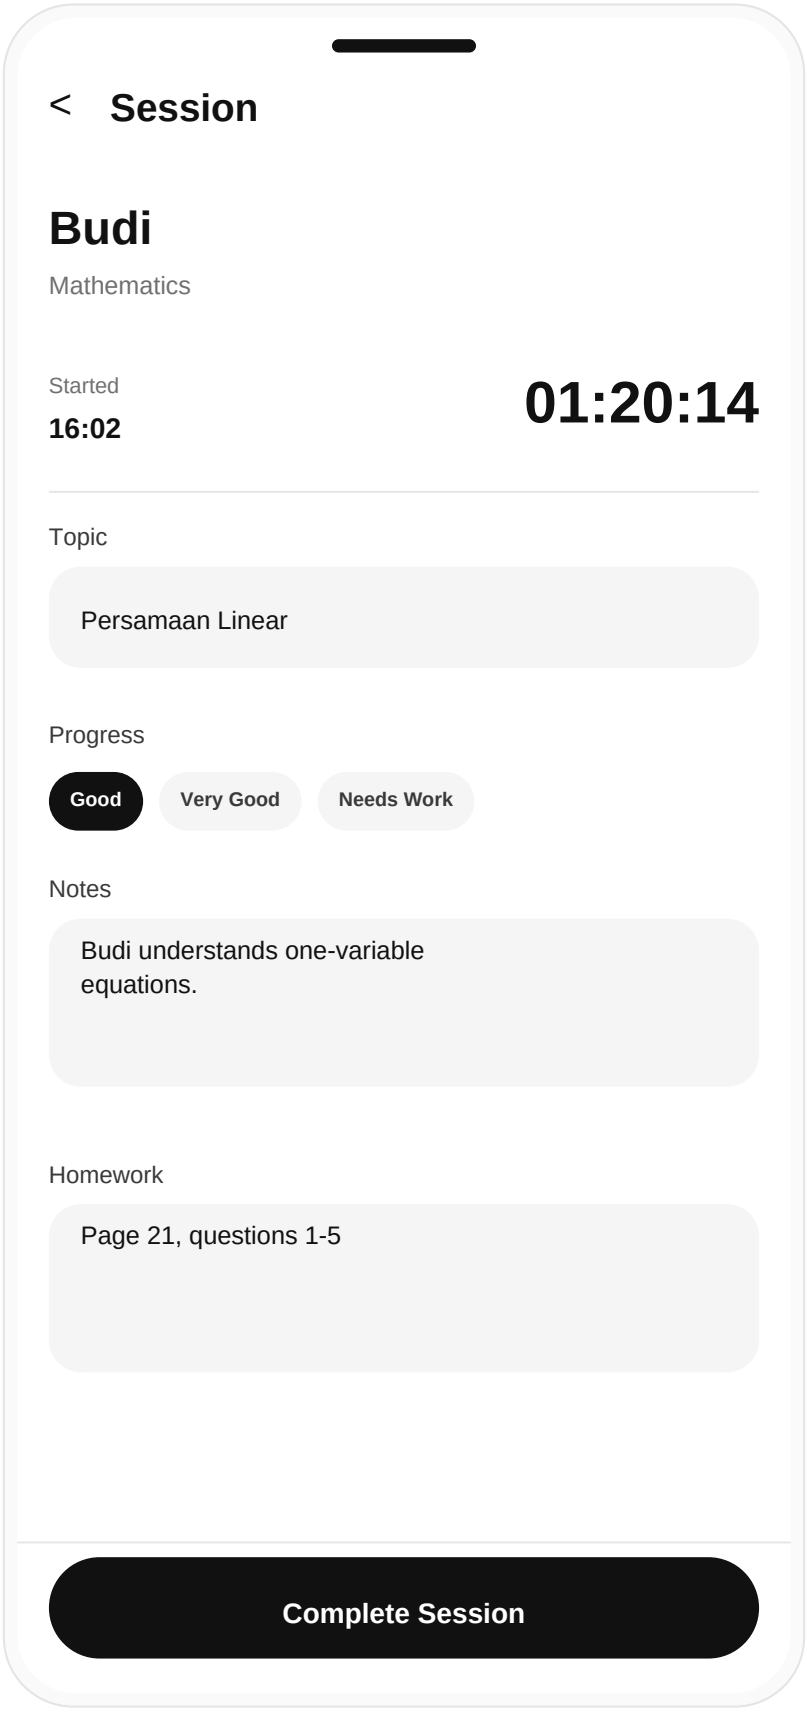

Students

Compact rows instead of heavy cards. Billing progress stays visible.

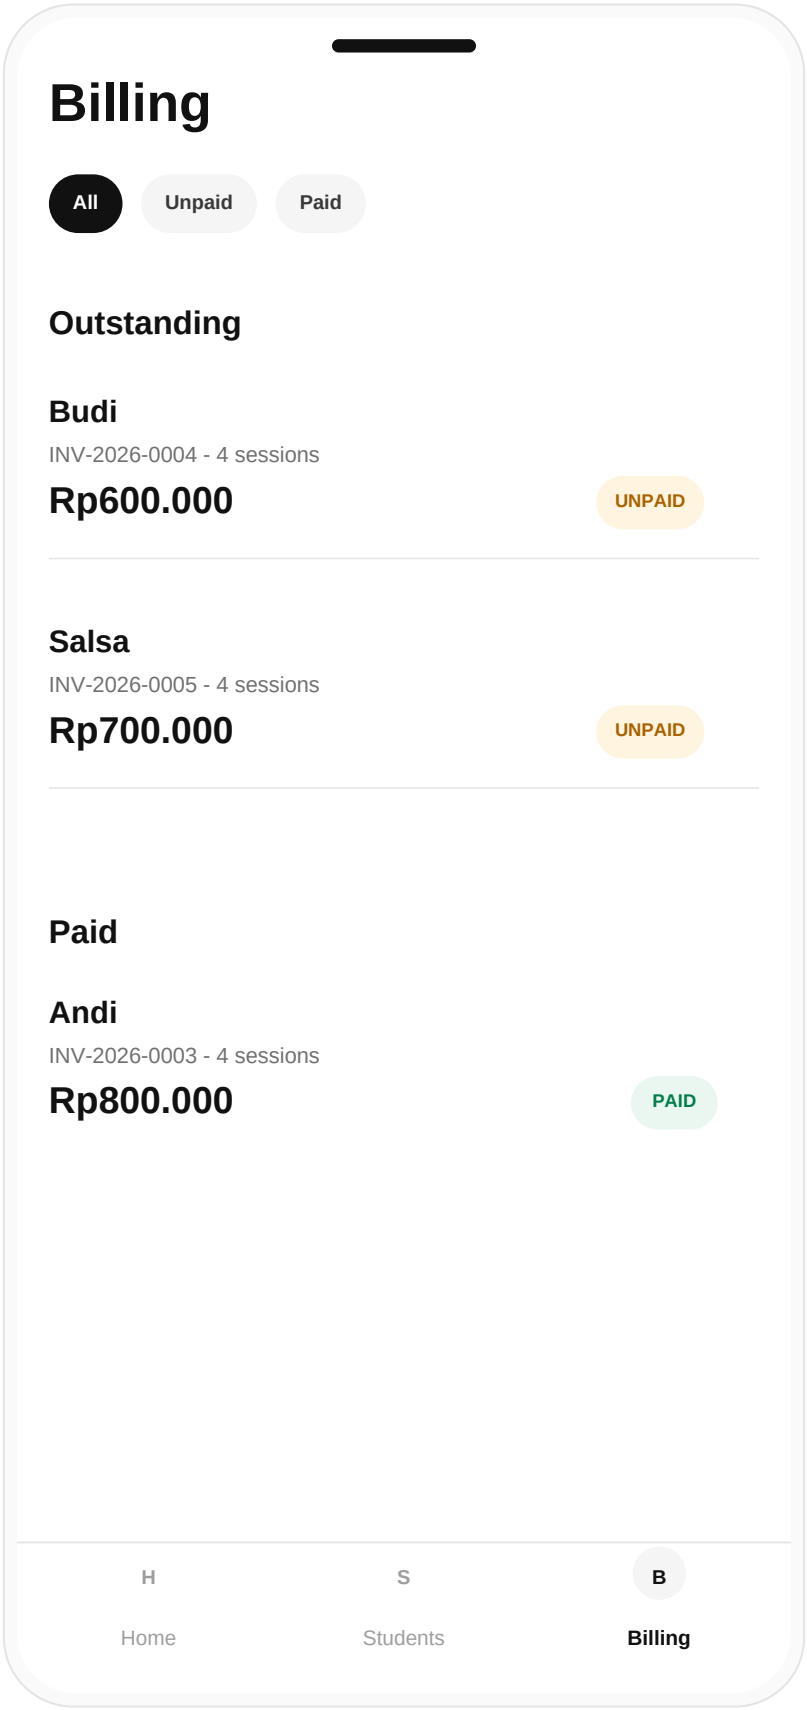

Active Session

Focused teaching screen: timer, report fields, sticky complete action.

Billing

Filterable invoice list. Status is semantic, money remains neutral.

Invoice Detail

Session-level transparency: each billed lesson is visible before payment.
